

Request for Expressions of Interest - Member at Large Recreation, Culture & Airpark Services Commission

Recreation centres play a vital role in the communities they serve. They are gathering places that bring community members together. They promote and support healthy lifestyles, and they are where you can learn new skills, celebrate a birthday, or participate in team sports.

We are looking for two Commissioners: one to represent FVRD's Electoral Area B, and one to represent the District of Hope. The term is for two years, effective February 1, 2019 to December 31, 2020.

Your role on the Commission is to help establish policies, set strategic direction and oversee the financial planning associated with the Recreation, Culture & Airpark Services' program delivery, which serves all the communities in Electoral Areas A & B, as well as the residents of the District of Hope. The day to day administration, operation and management of these services is the responsibility of staff.

If you think you are a good fit for this role, please write to us explaining why you should be considered, and include your vision for the delivery of recreation services.

To be eligible for consideration you must:

- Be 18 years of age or older.
- Be a Canadian citizen.
- Be a resident of British Columbia for at least 6 months prior to your appointment as Commissioner.
- *Not* be an employee of the District of Hope or the Fraser Valley Regional District.
- *Not* be disqualified by law from voting.

Submit your Expression of Interest in writing, in confidence, no later than 4:00 pm, Friday, January 4, 2019 to:

Jody Castle, Manager
