The plans accompanying this permit and signed by the Building Official form part of this permit.
 This permit authorizes the installation of a solid fuel and/or oil burning appliance and/or chimney only, in accordance with the current BC Building Code. Any deviation from the issued permit requires the approval of the Building Official.
 This permit may become void if work is not commenced within six months of date of issuance.
 When calling for inspection it is required that you call at least one working day prior to the day of inspection and quote the permit number. It is the responsibility of the owner and his agent to call the Building Official for inspections as construction proceeds. Failure to call for inspection at the appropriate time may result in serious difficulties, delays or rendering this building permit void. Appliance use is restricted until written permission is granted.
 The Permit number Placard issued with this permit **MUST** be clearly visible from the road.
 You are required to complete all inspections prior to commencing use of the appliance(s).
 This permit is valid for a maximum of **2** year(s). If the project takes longer to complete, an application to renew the permit must be submitted to the Building Official.
