ADDITIONAL INFORMATION

Schedule C – Detailed Minimum Apparatus Specification

Question 1:

Can the department please provide the dimensions of the reel they will be supplying from the highlighted letters in the guide in the attachments of this email, can you also share the length and ID of hose that fits on the reel. As well can they provide which side of the reel the inlet is?

Answer:

As for the hose reel, we have, it measures in inches 36 wide 28 deep 28 tall

Question 2:

Is the 400-gallon tank requirement in US gallons or Imperial gallons, if the department needs to meet the wildland 5 engine requirements, we are only required to supply a 330 imperial gallon water tank which is equivalent to 400 US gallons. We would prefer not to exceed 330 Imperial Gallons in conjunction with the weight of an aluminum body on this chassis.

Answer:

We would only require 400 US gallons as we just need the minimum requirements to meet the type 5 specs.
