This Evacuation Alert applies only to lands within the Fraser Valley Regional District Electoral Areas. Evacuation notices for First Nation communities are issued by the respective First Nations.

A person must not enter the Evacuation Order areas as identified above and in the map for purposes of residing, occupying or visiting.

An Evacuation Alert could be changed to an Evacuation Order with short notice. Please be prepared for potential evacuation until all evacuation notices have been lifted for the area.

While the Evacuation Order is being downgraded, areas within the Evacuation Alert remain hazardous from post-wildfire hazards and other risks. BC Wildfire Service will continue to operate in the area until the wildfire is contained, and there may be BCWS service members and helicopters active in the area.
