

# EVACUATION ALERT RESCIND

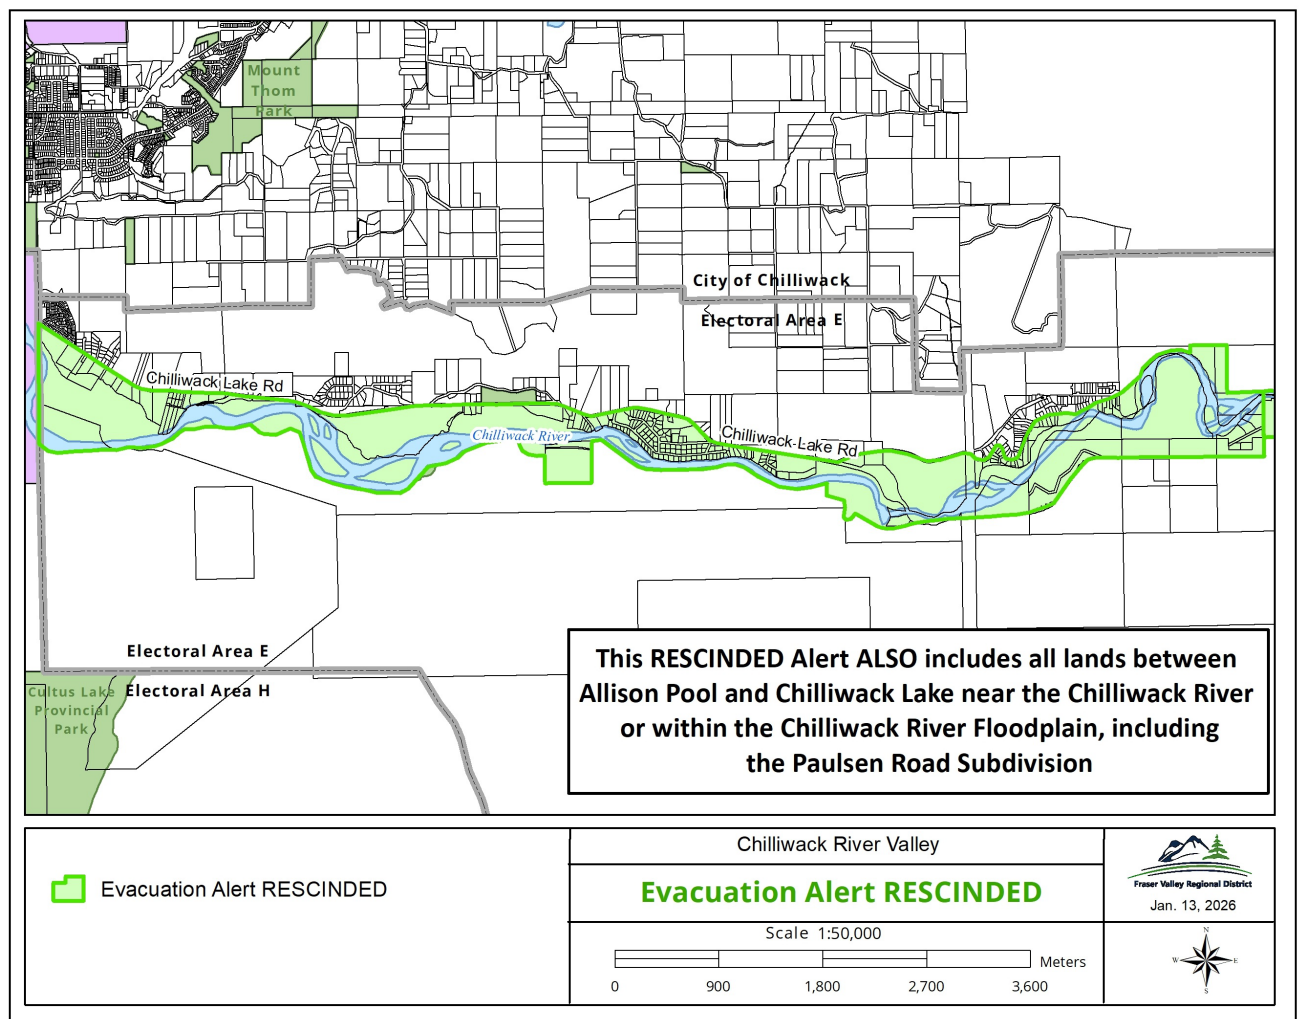

January 13, 2026, 3:15 PM

## Electoral Area E – Lands near the Chilliwack River

The **Evacuation Alert** issued by the Fraser Valley Regional District Emergency on January 11 at 3:15pm for the lands near the Chilliwack River area has been **rescinded/cancelled**. A future Evacuation Alert or Order may need to be issued; however, if that is deemed necessary, the Evacuation Alert/Order process will re-commence.

The Evacuation Alert has been **rescinded/cancelled** from the following properties:

- Between the City of Chilliwack boundary and Allison Pool/Big Bend, lands south of Chilliwack Lake and O’Byrne Road and lands adjacent to the Chilliwack River as shown on the map below; and,
- Between Allison Pool and Chilliwack Lake, lands near the Chilliwack River or within the Chilliwack River floodplain including the Paulsen Road subdivision.

The period of flood risk associated with the January 11-12, 2026 atmospheric river event has sufficiently subsided for this alert to be removed. The Chilliwack River presents ongoing flood and erosion risk to the Electoral Area E. In addition, damage to the orphan dike in the Sheldon Road neighbourhood leave increased risk to flooding and erosion specifically to this neighbourhood.
