- ✗ Diapers
- ✗ All other garbage and recyclables
- ✗ Pet Waste
- ✗ Biodegradable/Compostable Plastic Cutlery
- ✗ Medications

Green Bin Tips

- Line your bin with newspaper or a paper bag. Wrap food scraps in newspaper to reduce odours and mess. Do not use bags or liners branded as being compostable or biodegradable. Paper bags are acceptable.
- Sprinkle baking soda on the bottom of your bin, and on top of food scraps every time you add to the bin.
